If you miss a midterm for a valid reason, and provide documentation to support the reason given, you may take a
makeup exam at a time convenient for the instructor. Calculators are not allowed in the exam. Any material
presented in lecture or assigned in the readings is fair game for the exam.

The best way to learn economics is by doing. Therefore it is in your best interest to work through as many
problems as possible. The book contains answers to some of the exercises. We will also cover other problems in
class.

There will be a quiz for each chapter. The homework problems and the quizzes can be found online on the
publisher’s website. Instructions for registering on the MyEconLab site are on the back of this syllabus. Check the
website regularly for announcements, updates, homework sets and quizzes.

Sample exams are available online for each exam:
Go to my web page http://academic.csuohio.edu/kosteas_b and follow the link for this course.

Regular tutoring hours are held by graduate students in RT 1704. Consult either my webpage or our course
